To whom it may concern,

Cirque de Normandy

We were very pleased to enjoy three days in the company of the Cirque de Normandy in June 2006. From the very beginning of our communication with them, they were efficient and friendly. All the preparation and paperwork was carried out smoothly and exactly as agreed.

When they arrived on site, the company immediately impressed with their hard-working approach to their business and with their attention to detail. When they began to train the children here (aged 4 - 13) they quickly won their trust and taught them the appropriate skills in a positive and sensitive fashion. Throughout, all issues concerning Health and Safety were conducted properly and the pupils' enjoyment was enhanced by the kind but firm way in which instructions were issued and followed.

The actual performance was a delight, both from the point of view of the pupils' carrying out their roles in an impressive way and in the excellent second half of the performance in which the performers acquitted themselves with great distinction.

If you're getting the impression that we thought this was a most worthwhile enterprise and something from which the School benefited greatly, you're definitely on the right lines! Please contact for further details should you wish.
